1. Security-Assessment.com has issued this certificate to indicate that the aforementioned company has been assessed against the objectives of the Payment Card Industry (PCI) Data Security Standards (DSS) v2.0 validation methods and were found to be compliant to PCI DSS on the date of issue only, no other guarantees are given.
2. This certificate of validation is deemed valid if produced in conjunction with a clean external vulnerability scan. (A clean scan report demonstrates no level 3, 4, 5 vulnerabilities are present.)
3. This certificate is subject to compliance conditions as laid out within the various card organisation compliance programs.
4. The certificate offers no guarantee or warranty to any third party as regards to the security or breaches in its security of the assessed organisation, and Security-Assessment.com accordingly accepts no liability to any third party in the event of loss or damage of any description, caused by any failure in or breach of the assessed organisation's security.
